

# Year Level Representative 2024

Congratulations to the following Year Level representatives who have been chosen as part of our student leadership structure. This group of student representatives will work with the Senate and House Executive.

The Senate members make up our whole school student leadership team and include our College Captains. Each Senate member has a portfolio and some of these will link with the Year 12 House Executive. Year 12 leaders in all positions will play a role in mentoring Year Level Representatives.

There will be many opportunities for students who have not been successful at this time to apply for future selection, and we strongly encourage all of you to continue to engage in the many opportunities provided at Loreto College.
