Policy Statement

Loreto Schools of Australia Mission Statement

The Loreto education tradition spans 400 years, inspired first by the founder of the Institute of the Blessed Virgin Mary (IBVM), Mary Ward, and grounded in the Australian context by Gonzaga Barry IBVM in the late 19th century.

For both these women their passion and commitment to educate women to be seekers of truth and doers of justice, was fired by their belief in the God of love made known to us through the person of Jesus. This belief in God who creates each person with endless potential and with equal right to participate fully in our world, lies at the heart of the Loreto Education Mission Statement:

That Loreto schools offer a Catholic education which liberates, empowers and motivates students to use their individual gifts with confidence, creativity and generosity in loving and responsible service.

Each of the seven Loreto schools, governed by Loreto Ministries, is deeply committed to this shared mission. The leadership of our schools is supported by dedicated teachers, parents, and past students guided by their school boards.

Loreto College Ballarat Vision Statement

Loreto College Ballarat offers an innovative and contemporary education that engages students and prioritises student agency. We are committed to following in the footsteps of Mary Ward by developing future ready students able to thrive in a changing world.

Guiding Principles

Catholic schools were established for the faith formation and education of Catholic children. The Enrolment policy at Loreto College seeks to honour that tradition and abides by legislative requirements. The College values diversity and recognizes that each Applicant will bring unique gifts and talent which will enhance and enrich the College as a community. While priority is given to Catholic Applicants, consideration will be given to an Applicant who is involved with her family in the faith community of another Christian Church or another Religious Tradition. The College welcomes applications for enrolment from persons who actively support and respect the Vision and Strategic Directions of the College including families and students of other faith traditions.

Therefore, the factors listed below (not listed in a priority order) may be considered during the enrolment process in relation to Applicants:

- Level of involvement of the Applicant and her family in their Catholic parish/faith community and commitment to Christian life and values
- Current enrolment at a Catholic parish primary school within the Ballarat diocese if geographically possible.
- Family connection with the College (eg, sister who is current/past student, mother, grandmother, current staff member) and/or our sister Loreto schools.
- Information pertaining to the Applicant's attitude to, and active involvement in, learning and school life as evidenced through her most recent school report or supporting documentation.
- Involvement of the Applicant and her family in the broader community.
- Date on which the application was submitted with the application fee.

An offer of enrolment to an Applicant is not dependent on all factors having been met, and the above factors are only indicative of matters that may be considered during the enrolment selection process.

Expectation of Parents / Carers

The College fulfils its educational vision in partnership with parents/carers and students and thus our expectation of parents/carers is that they are actively involved in their daughter's education. This involvement may take a variety of forms, including attendance at functions specific to the educational programme of their children.

When accepting a place at the College, parents/ carers are deemed to have accepted the College's values and expectations and be committed to support and promote them. It is the expectation that the family and student are willing to participate fully in the life of the College, including the religious and faith dimensions of a Loreto education.

Parents/carers must comply with the terms of the College's Parent Charter as a condition of enrolment.

A student enrolled at Loreto College will be eligible to re-enrol for the following year unless the Principal notifies the student's parents/carers otherwise.

5. Confirmation Offer

A letter of offer will be sent to successful applicants with details of the enrolment and acceptance forms for completion and return together with a non-refundable acceptance fee (which will be deducted from the school fees once the student commences). Communication via the College will commence. Unsuccessful applicants will be advised and will have the option of remaining on the wait list.

5.1 Conditions of Enrolment and Parent Charter

Acceptance of an offer of enrolment is deemed as acceptance of the College's Conditions of Enrolment and Parent Charter, which place binding legal obligations on parents/guardians which the College will enforce.

5.2 Enrolment of Students with Additional Learning Needs

Loreto College welcomes parents who wish to enrol a student with additional learning needs to the College and will do everything reasonably practicable to accommodate the student's needs. The process for enrolling students with additional needs is the same as that for enrolling any student and will conform to the Enrolment Process in addition to liaising with the Learning Diversity Leader as part of the enrolment process. Primary and secondary schools will collaborate to ensure coordination and consistency of policy and processes when students are in transition. Schools are required to comply with the relevant Australian and Victorian Government legislation Disability Discrimination Act (DDA) 2005 when considering the enrolment of a student with additional learning needs in a Catholic school.

It is important that any additional needs of the Applicant are advised to the College at the time of submitting the Application for Enrolment. Failure to provide all required information, or the provision of misleading information, may result in the College declining to make, or delaying the making of, an offer, or in some cases result in the subsequent withdrawal of an offer of enrolment at the College.

Where a parent/guardian has declared a medical condition, physical impairment, mental impairment or the need or likelihood of a need for educational support, the College will make an initial assessment of the Applicant's needs in accordance with legal requirements. This may include consultation with the Applicant's parents/guardians. If further or independent assessments are required to be made by non-College personnel, this will be at the expense of the parents/guardians.

The College reserves the right to cancel the proposed enrolment of an Applicant should the College determine that it is not able to reasonably meet the specific needs of the Applicant (even after considering reasonable adjustments), or is not able to provide an environment which is healthy and safe for the applicant.

5.3 Enrolment of Students from Interstate

When enrolling students whose previous school was interstate, all schools must use the protocols of the Interstate Student Data Transfer Note (ISDTN). This is a mandatory requirement of the Australian Government. It is the responsibility of the enrolling school to initiate and manage this process and be
