

02 June, 2021

### **Main Points**

- Return of Students
- Compulsory Face Masks
- Structured Work Placements

Dear Parents and Carers

Following today's announcement on the easing of Covid restrictions in regional Victoria, we look forward to welcoming all of our students from Year 7 – 12 safely back to Loreto for normal classes this Friday 4 June 2021.

Masks will be compulsory indoors for all students, staff and visitors to the school and outside where 1.5metre social distancing cannot be maintained. Students and staff from the Melton shire will be required to wear a mask at all times.

Year 11 and 12 VCAL students will be able to attend Structured Work Placements on Friday as normal if they can. If they cannot attend the workplace due to restrictions, they will be required to attend school.

We will continue to adjust our timetables and programs to accommodate the changing nature of restrictions and guidelines. Further information on school events and the rescheduling of assessments will be shared when more detail has been provided to schools. Consideration of student wellbeing will always be a priority in our decision making.

Once again, we thank you for your understanding and support in these difficult and challenging times.

Yours sincerely

Michelle Brodrick  
Principal
